Md Hujaifa Islam Shanto

Junior MERN Stack Developer

Portfolio | **Github** | **Linkedin**

Email :mdhujaifaislamshanto@gmail.com | **Phone**: +880 1608215377 | **Address**: Meherpur, Bangladesh

Skills:

- **Frontend:** HTML, CSS, JavaScript, Tailwind CSS, React.js, Axios
- **Backend:** Node.js, Express.js, MongoDB, Firebase
- **Tools**: Git, Github, NPM, JWT Authentication, REST API

Projects:

Blood Donation: **Live Link** || **Github Client** || **Github Server**

A full-stack blood donation management system that helps connect donors and recipients efficiently. Users can create blood donation requests, search for donors by blood group and location, and track the status of requests in real-time.

Technology: React, Express.js, MongoDB, JWT, Firebase, Stripe

Features:

- **Role-Based Access:** Separate dashboards for Admin, Donor, and Volunteer users.
- **Donation Request Management:** Donors and volunteers can create, update, and track blood donation requests.
- **Monetary Donations:** Users can contribute funds to support blood donation initiatives.

B2B Wholesale: **Live Link** || **Github Client** || **Github Server**

A B2B platform for browsing and filtering wholesale products with card and table views. Authenticated users can add, manage their listings, and view detailed product information through a clean interface.

Technology: React, Express.js, MongoDB, Firebase

Features:

- **Secure Authentication & Routing:**   Firebase email/password login with private and public route protection.
- **Product Management:** Browse products with card/table views, filter by minimum quantity, and view details.
- **Responsive UI & Performance:** Responsive design with fast loading and smooth data fetching

Recipe Book: **Live Link** || **Github Client** || **Github Server**

Recipe Book is a MERN stack web app that allows users to browse, add, and manage recipes. It includes secure login, user interaction features like liking and reviewing, and a responsive, modern UI.

Technology: React, Express.js, MongoDB, Firebase

Features:

- **Recipe Management:** Browse, add, update, and delete recipes via user-friendly forms
- **User Interaction:** Like and review system to engage users
- **Security & Design:** Secure authentication with protected routes and responsive React + Tailwind CSS UI

Education:

Intermediate (HSC), 2nd Year — Expected Graduation: 2025

Language:

- Bangla(Native)
- English(Comfortable)
